

THE JOURNAL OF LOGIC PROGRAMMING

Aims and Scope

The Journal of Logic Programming is an international journal whose aim is to publish original research papers, survey and review articles, tutorial expositions, and historical studies in the area of logic programming. All aspects will be covered including theory and foundations, implementation issues, applications involving novel ideas, and relationships with other programming methodologies. *The Journal of Logic Programming* is published in cooperation with the Association for Logic Programming.

Editor-in-Chief

M. BRUYNNOOGHE

Department of Computer Science
Katholieke Universiteit Leuven
Celestijnenlaan 200A
B-3001 Heverlee, Belgium

Founding Editor

J.A. ROBINSON

Syracuse University, Syracuse, New York

Editorial Advisors

K.R. APT
CWI, Amsterdam

K.L. CLARK
Imperial College

A. COLMAUER
Université Aix-Marseille

S.K. DEBRAY
University of Arizona

K. FUCHI
Institute for New Generation
Computer Technology

H. GALLAIRE
GSI, Paris

J. GALLIER
University of Pennsylvania

S. HARIDI
Swedish Institute of
Computer Science

K. KAHN
Xerox Palo Alto
Research Center

P. KANELAKIS
Brown University

D. KAPUR
SUNY-Albany

C. KIRCHNER
University of Nancy

R.A. KOWALSKI
Imperial College

K. KUNEN
